(+880) 1820994433 | Dhaka, Bangladesh

SKILLS

- **Expertise:** HTML | CSS | Bootstrap | Tailwind | Javascript | ES6 | React | MongoDB
- **Comfortable:** Firebase | REST APIs | Express.js | JWT | Node.js | React Query | Next.js
- **Familiar:** Typescript | Redux
- **Tools:** VS Code | Git | Figma | Canva | Adobe Illustrator | Adobe lightroom | Netlify | Vercel
- **Interpersonal skills:** Communication | Team Work | Adaptability | Time management Problem Solving | Continuous Learning

PROJECTS

The Language Space - Kid's Language School   **Live Link | Github: Client | Server**

- Developed a 3-layer authentication system using JWT and email verification, incorporating user roles.
- Implemented night mode and enhanced user interface with React, Axios, and Tanstack Query.
- Enabled seamless course enrollment with payment integration for students, course management for instructors, and user management for administrators.

Technologies: React, React Router DOM, JWT, Axios, Tanstack Query, React Stripe, React hook form, Tailwind CSS, DaisyUI, TailGrids, HyperUI, AOS, NodeJS, ExpressJS, MongoDB, Firebase

Toy Land - Kid's Exclusive Toy Store Application   **Live Link | Github: Client | Server**

- Developed an intuitive and user-friendly toy store app for children's exclusive toys.
- Utilized React for dynamic front-end design, Node.js/Express.js for secure back-end, and MongoDB for efficient data storage.
- Enabled users to add, edit, and remove their own toys while providing a dynamic and responsive user experience.

Technologies: React, React Router DOM, Tailwind CSS, DaisyUI, TailGrids, HyperUI, AOS, NodeJS, ExpressJS, MongoDB, Firebase

Arabian Delights - World Class Arabian Chef's Recipe Application   **Live Link | Github: Client | Server**

- Developed a user-friendly app showcasing exclusive recipes from renowned Arabian chefs.
- Utilized React.js, Node.js/Express.js, and MongoDB for efficient storage and filtering.
- Users can explore chef profiles and view favorite chef's recipes upon login. Dynamic and responsive app.

Technologies: React, React Router DOM, Tailwind CSS, DaisyUI, flowbite, HyperUI, NodeJS, ExpressJS, MongoDB, Firebase

EDUCATION

Bachelor of Science in Textile engineering
Daffodil International University • 2015 - 2019

COURSES

Complete Web Development
Programming Hero • 2023 - running

User Experience Design
Userhub • 2020

LANGUAGES

Bangla – Fluent   **English** – Communicative   **Hindi** -- Communicative
